DXpedition News

Peter I Island - 3Y The Norwegian DXpedition to Peter I is progressing ahead of schedule, and the landing might be as early as January 24th. The calls will be 3Y2GV and 3Y1EE. Watch 14145, 14022, 21225, 21022, and 7005 kHz. QSLs go to LA6VM, who is also treasurer for the project (but US DXers can make tax-deductible donations via NCDXF.)

Cocos-Keeling - VK9Y Jim Smith VK9NS will venture to C-K (OC-03) for a 10-day DXpedition starting soon after the Peter I operation. Jim's previous call is VK9YS, and he expects to stop at **Christmas Is. VK9X** (OC-02) on the way home, for another week. QSL VK9NS. Sunrise 2330Z, sunset 1150Z. **QRZ DX** editor Bob Winn W5KNE says he will join Jim as VK9YW.

Seychelles - S79 The Colvins finally got on the air again, this time as **S79KG** (AF-24). Watch the usual Colvins spots: 14001, 14183. Iris often spreads SSB pileups up and down a few kHz from her transmitting freq., usually within range of RIT. QSL Yasme.

Glorioso - FR/G Gerard FH4ED should wrap up his /FR/G (AF-11) operation about now (mid-Jan.), but **FH4EC** should be on from the same location by mid-Feb., giving more DXers a chance for this tough one.

Vanuatu - YJ As promised, **FK0AT** has moved on to **YJ8MC** after his C21NI stint. He'll be on Vanuatu (OC-35) until the 20th, when he continues on to **Wallis - FW** (OC-54). He likes 7005 kHz, and has checked into the INDXA net on 14236 Khz. QSL **FK0AT**. Sunrise 1830Z, sunset 0720Z.

FOC Marathon

Baldur DJ2SI will operate from **Liberia - EL** as **EL2SI** or **5L2SI**, the first week in Feb., including the First Class Operators Club's marathon. Unless you're an FOCer, work Baldur before or after the Feb. 7-8 contest. Also **K2LE** will operate **VP2MU** at The Last Resort in the same contest.

Yasme Report

Lloyd and Iris Colvin W6KG and W6QL finished their **D68QL** operation on Dec. 30, after 9,000 QSOs in 152 countries. The license cost US\$160, the highest they have ever paid. They anchored their tribander to a rock in the Indian Ocean, and it worked very well.

RTTY Report

- **UA3TT** of /UF fame promises RTTY operation from UD and UG in early '87.
- **ZB40ANV** operated for a single day in Dec. to celebrate the 40th anniversary of the Gibraltar Radio Society. QSL to P O Box 292, Gibraltar.
- **WA4WIP** and **KP2N** are planning an RTTY DXpedition to **Dominica - J7** and **St. Kitts - V4** this winter. They're also putting together a fund for RTTY gear for DX stations. First targets are **St. Vincent - J8** and **St. Lucia - J6**. Contact CBAs.
- **VU2GI** is active on RTTY.
- and **OD5PL** still provides RTTY QSOs and QSLs from embattled Lebanon.

Shortly Noted

- **Tom 9Q5NW** is making up for his enforced inactivity, and has been popular around 14180 at 19-2100Z, and 3793 at 0500Z. He has also made a few QSOs on 40 split: 7083/7200.
- **HK0BKX** made the first 100 countries for many Golden Jubilee hunters. Try 14010-20 kHz from 20-2200Z.
- **VK0DA** leaves Heard Jan 20. Your last chance may be a list at 14215 at 0500Z.
- **Franz Josef Land UV100** is on 7004 often, and **UA10T** haunts 1832 at 0230-0300Z.
- **ON4UN** has been logged stateside at over S9 on 1832 kHz. Those are ten BIG watts!
- **ZD8CW** hangs out around 3504 01-0300Z.

Rumors and (?)

- **5U7/I2VA** on 14195 at 2000Z. Probably NG.
- **5A0A** papers for DXCC are being translated from Arabic. QRX.
- **Cocos Island** by **TI2CCC** and others rumored soon.

Propagation Watch

The low bands have been humming, thanks to long nights in the Northern hemisphere, and continued low absorption. The DX Bulletin predicted this would be one of the best low-band seasons ever; we can't be wrong all the time!

The forecast for the higher bands also looks great for the second half of January, giving DXers a good chance to finish up their Golden Jubilee award. With the possible exception of Jan. 19, the bands should be hot into early Feb.

Values of $0 \leq A < 15$ indicate quiet or unsettled conditions, $15 \leq A < 30$ active, $A \geq 30$, geomagnetic storm conditions.

DXCC Golden Jubilee Award

The Golden Jubilee award has done more for DXCC than a sun full of spots! The bands have been positively jumping with DX and DXers chasing the award. Many recently-inactive DXers have warmed up their radios for the first time in months: "I had been pretty much burned out of HF DXing for the past few years, but the Golden Jubilee seemed like a fun thing to do," writes one East Coaster. "This was fun; we should do this every 50 years!" says another.

The key word here is fun, something sorely lacking in the DXCC program in recent years. Let's hope the DXAC notices the interest in the Golden Jubilee, and includes some fun activities in their proposed restructuring of DXCC! - Chod Harris VP2ML

Many The DX Bulletin readers have put their own restrictions on their Golden Jubilee DXCC: All CW, or All 80 Meters, for example. KA1XN worked 69 countries on 80 meters in the first ten days of the new year!

As of Thursday Jan 8, 13 applications had been received at ARRL Hq. The first two were K1MM and AA2Z, who turned in their Golden Jubilee applications directly to Don Search W3AZD on Sat., Jan. 3. The DX Bulletin continues to believe that it is the time/date of the 100th QSO that shows real DX prowess; send your Golden Jubilee score to TDXB today!

Silent Keys

It is with deep regret that The DX Bulletin learned of the recent death of two prominent amateurs.

Hal Harris PY1ZAE passed away in early Dec. Hal is best remembered for his PY0ZAE operations from Fernando and Trindade. Hal also worked 5BDXCC with only 100 different stations.

Buzz Reeves K2GL died soon after celebrating his 80th birthday at his N2AA super-station. Buzz practically invented multi-multi contesting, and disciples of his ideas have populated MM stations across the country.
